***A novel of dystopian future in the tradition of SOYLENT GREEN and H.G. Wells' THE TIME MACHINE, with an introduction by Ken MacLeod Tinker was a good citizen of the Hive - a model worker. But when he was allowed sexual activation he found Mu Ren who, like him, harboured forbidden genes. And so began the cataclysm. But in a world where half-wild humans are hunted for sport - and food - can anyone overthrow the Hive? Greater by far than its stunted, pink-blooded citizens, the Hive is more than prepared to rise and crush anyone who challenges its supremacy ... An extraordinary epic, set a million years in the future, in the time of a dying sun, when our present culture is no longer even a memory. The torturer's apprentice, Severian, exiled from his guild after falling in love with one of his prisoners, is now the Lictor of Thrax, a city far distant from his home. But it is not long before Severian must flee this city, too, and journey again into the world. Embattled by friends and enemies alike, pursued by monstrous creatures, the one-time torturer's apprentice must overcome hitherto unimagined***

*perils, as he moves closer to fulfilling his ultimate destiny. This edition contains the concluding two volumes of this four-volume novel, The Sword of the Lictor and The Citadel of the Autarch. Merlin is a Prince of Chaos and Amber, Corwin's son and heir. He has grown up knowing that his legacy is to one day follow in his father's footsteps, live up to his father's legend. When Corwin goes missing, that day comes far sooner than he could ever have expected. Merlin must find his own identity as the ruler of the worlds, and discover what kind of King he wants to be. Will he be a warrior like his father, or embrace his own path as a hacker-magician? A generation after Corwin's rise to the throne, Merlin is aided by powers beyond anything Corwin could have imagined. The epic magic from The Chronicles of Amber is wielded alongside sentient computers, a vorpal sword, and the ghosts of those who came before. Featuring the Locus award-winning Trumps of Doom, the Locus nominated Blood of Amber and Sign of Chaos, and the final two novels Knight of Shadows and Prince of Chaos, the Second Chronicles of Amber continues the epic story of Amber and the Shadow worlds. Contents: Nine princes in Amber; The guns of Avalon. Earth is long since dead. On a colony planet, a band of men has gained control of technology, made themselves immortal, and now rules their world as the gods of the Hindu pantheon. Only one dares oppose them: he who was once Siddhartha and is now Mahasamatman. Binder of Demons. Lord of Light. When Maxim, a space explorer from Earth, accidentally discovers a planet inhabited by humanoids who destroy his spaceship, he thinks of himself as a modern-day Robinson Crusoe. But after his experiences in the planet's nightmarish military and mental health facilities, he begins to realize that his sojourn on this radioactive and war-scarred world will not be a walk in the park. The Inhabited Island is one of the Strugatsky brothers' most popular and acclaimed novels, yet the only previous English-language edition was based on a heavily censored version. Now, in a sparkling new translation by award-winning translator Andrew Bromfield, this landmark novel can be newly*

*appreciated by both longtime Strugatsky fans and new explorers of the Russian science fiction masters' astonishingly rich oeuvre. London. Early 21st Century. A Conservative government is in power in the UK, bringing increased wealth disparity, an ever-more militant police state, and rising civil discontent as the wealthy govern for themselves rather than the people. But BREAKTHRU - a pharmaceutical company turned religious cult - have the answer. They call it Kairos. Kairos allows the user to not just see a different world, but shape the world to their very will. Perfect for a cult of like-minded individuals. Disastrous when it is exposed to the general public. As disparate groups of people try to shape the world into their own image, reality itself is placed under threat. With society so divided, is there any way to pull the world back together?*

*Written in 1988, this remarkably prescient book received great critical acclaim. Rebecca Podos, Lambda Award-winning author of Like Water, returns with a contemporary Jewish fantasy of enduring love, unfathomable loss, and the power of stories to hold us together when it seems that nothing else can. Hannah's whole life has been spent in motion. Her mother has kept her and her brother, Gabe, on the road for as long as she can remember, leaving a trail of rental homes and faded relationships behind them. No roots, no family but one another, and no explanations. All that changes on Hannah's seventeenth birthday when she wakes up transformed, a pair of golden eyes with knife-slit pupils blinking back at her from the mirror—the first of many such impossible mutations. Promising that she knows someone who can help, her mother leaves Hannah and Gabe behind to find a cure. But as the days turn to weeks and their mother doesn't return, they realize it's up to them to find the truth. What they discover is a family they never knew and a history more tragic and fantastical than Hannah could have dreamed—one that stretches back to her grandmother's childhood in Prague under the Nazi occupation, and beyond, into the realm of Jewish mysticism and legend. As the past comes crashing into the present, Hannah must hurry to unearth their family's secrets in order to break the curse and save the*

*people she loves most, as well as herself. William Blackhorse Singer, the last Navajo on a future Earth, is called upon to aid in protecting an alien diplomat from a powerful and hostile member of his own species. With the aid of a shape-shifting alien known as "Cat," he carries out the mission, with one condition: when the mission is over, Cat wants a return bout with the man who captured him, a chase with Singer as the hunted instead of the hunter... Eye of Cat (1982) takes a twist on the hunter turned hunted. William Blackhorse Singer is hired to protect an alien diplomat, then enlists the assistance of a shape-shifter he captured years earlier. The creature will only help on the condition that it gets a chance to try to trap Singer once the mission is completed. Roger Zelazny was a three-time Nebula Award and six-time Hugo Award-winning author of science fiction and fantasy classics, including the short stories "24 Views of Mount Fuji, by Hokusai," "Permafrost," and "Home is the Hangman." Zelazny was the bestselling author of the ten-volume Chronicles of Amber series of fantasy novels, as well as the novels Lord of Light, and Psychoshop (written with Alfred Bester). Zelazny's novel Damnation Alley served as the basis for the 1972 cult film of the same name, starring Jan Michael Vincent and George Peppard. 1588: Queen Elizabeth is felled by an assassin's bullet. Within the week, the Spanish Armada had set sail, and its victory changed the course of history. 1968: England is still dominated by the Church of Rome. There are no telephones, no television, no nuclear power. As Catholicism and the Inquisition tighten their grip, rebellion is growing. Shadows and Reflections is the Roger Zelazny tribute anthology you've been waiting for. Here are stories that are not just inspired by Roger Zelazny, but stories set in universes created by Roger Zelazny. Finding Shadows and Reflections is like discovering a new Zelazny collection full of old friends that you thought you'd never see again. You'll find stories set in many of your favorite universes: Lord of Light, Isle of the Dead, Madwand, Creatures of Light and Darkness, and Jack of Shadows, to name only a few. George R. R. *Roger's daughter, Shannon Zelazny, provides an afterword. Both provide insight into the wonderful and complex man that Roger Zelazny was. Contributors include Steven Brust, Steve Perry, Lawrence Watt-Evans, Kelly McCullough, Jane Lindskold, Shariann Lewitt, and many others. Also included as a special treat is a very rare Roger Zelazny story. This anthology was edited by his son Trent Zelazny, a Nightmare Award winner, and Warren Lapine, who has been nominated for both the Hugo and World Fantasy Awards. You will not soon forget this outstanding anthology. Amber is the one true world of which all others are but shadows. Collected here in one binding are seven tales of Amber. It was Zelazny's intent to use these short stories to tie up unfinished threads from his amazing Chronicles of Amber. This edition is sure to be a treat for the legion of Amber fans. "A storyteller without peer. He created worlds as colorful and exotic and memorable as any our genre has ever seen." --George R.R. Martin . . . his performance was never anything other than dazzling. --Robert Silverberg Roger Zelazny's work excited me. It was intoxicating and delightful and unique. And it was smart. --Neil Gaiman*

*From Wikipedia The Guns of Avalon is the second book in the Chronicles of Amber series by Roger Zelazny. The book continues straight from the previous volume, Nine Princes in Amber, although it soon includes a recap. Corwin has escaped the dungeons of Amber, where he was imprisoned by his hated brother Eric, who has seized the throne. All of Corwin's siblings believe that guns can never be brought to the medieval world of Amber, as all gunpowders seem inert there. But Corwin has secret knowledge: in the shadow world of Avalon, where he once ruled, there exists a jeweler's rouge that will function as gunpowder in Amber. Corwin plans to raise a legion of shadow soldiers, and arm them with automatic rifles from the shadow world Earth. Corwin sets out through the endless worlds of shadow in search of Avalon, his one-time home. As Corwin nears Avalon, he passes through a land called Lorraine. *allusions | History | In other sources NOW THE ACCLAIMED HBO SERIES GAME OF THRONES—THE MASTERPIECE THAT BECAME A CULTURAL PHENOMENON Winter is coming. Such is the stern motto of House Stark, the northernmost of the fiefdoms that owe allegiance to King Robert Baratheon in far-off King's Landing. There Eddard Stark of Winterfell rules in Robert's name. There his family dwells in peace and comfort: his proud wife, Catelyn; his sons Robb, Brandon, and Rickon; his daughters Sansa and Arya; and his bastard son, Jon Snow. Far to the north, behind the towering Wall, lie savage Wildings and worse—unnatural things relegated to myth during the centuries-long summer, but proving all too real and all too deadly in the turning of the season. Yet a more immediate threat lurks to the south, where Jon Arryn, the Hand of the King, has died under mysterious circumstances. Now Robert is riding north to Winterfell, bringing his queen, the lovely but cold Cersei, his son, the cruel, vainglorious Prince Joffrey, and the queen's brothers Jaime and Tyrion of the powerful and wealthy House Lannister—the first a swordsman without equal, the second a dwarf whose stunted stature belies a brilliant mind. All are heading for Winterfell and a fateful encounter that will change the course of kingdoms. Meanwhile, across the Narrow Sea, Prince Viserys, heir of the fallen House Targaryen, which once ruled all of Westeros, schemes to reclaim the throne with an army of barbarian Dothraki—whose loyalty he will purchase in the only coin left to him: his beautiful yet innocent sister, Daenerys. Two gods, two houses, one quest, and the eternal war between life and death To save his kingdom, Anubis, Lord of the Dead, sends forth his servant on a mission of vengeance. At the same time, from The House of Life, Osiris sends forth his son, Horus, on the same mission to destroy utterly and forever The Prince Who Was a Thousand. But neither of these superhuman warriors is prepared for the strange and harrowing world of mortal life, and The Thing That Cries in the Night may well destroy not only their worlds, but all mankind. As Zelazny did with the Hindu pantheon in the legendary,*

*groundbreaking classic Lord of Light, the master storyteller here breathes new life into the Egyptian gods with another dazzling tale of mythology and imagination. The War Against Evil Has Been Won! In this world the millennial battle against the forces of evil has just been won, and all the hard-working heroes are just about to start living very happily Forever After. But first, you see, there's this one little problem. To win the aforementioned War Against Evil, four mantic objects of great power had been summoned forth from dark recesses in which they had lain secreted for a thousand year—since, in fact, the last Great War Against Evil. But there was a reason these objects had been buried so long ago: if they are left in the open for any length of time the forces that emanate start to combine—and Bad Things start to happen. Dinosaurs come to battle dragons, and 747s eclipse the Moon—and that's just for starters. So it is that our heroes must leave hearth and home to go upon their four separate anti-quests to bury for another thousand years the powers that saved the world. And you can join them—Forever After.... With Robert Asprin, David Drake, Jane Lindskold & Mike Stackpole. At the publisher's request, this title is sold without DRM (Digital Rights Management). Izzy Tyburn has promised the world that if it won't have her in it, it'll have nothing of her at all. Chased by an unstoppable killer, she's retreading her life, leaving nothing behind but burned rubber, ash, and the sun-scorched bones of those who get in her way. Ride shotgun on an existential road trip through the tangle of a blood-splattered life. Mad Max: Fury Road meets Neil Gaiman's Sandman in this full-throttle, grindhouse fantasy epic! *"A damned joy." —Warren Ellis* In the aftermath of a nuclear war, Americans have come to blame technology for the disaster. The population is scattered into small towns. Cities are forbidden by law, as is scientific research. The Road runs from the unimaginable past to the far future, and those who travel it have access to the turnoffs leading to all times and places--even to the alternate time-streams of histories that never happened. Why the Dragons of Bel'kwinith made the Road--or who they are---no one knows. But the Road has always been there and for those who know how to find it, it always will be! Dizzying in its virtuosity, gripping in its kaleidoscopic treatment of time, character, and action Roadmarks is a dazzling achievement. In the aftermath of an atomic war, a new international movement of pacifism has arisen. Multitudes of young men have chosen to curb their aggressive instincts through voluntary amputation - disarmament in its most literal sense. Those who have undergone this procedure are highly esteemed in the new society. But they have a problem - their prosthetics require a rare metal to function, and international tensions are rising over which countries get the right to mine it . . . Beautifully written speculative fiction from Metaphorosis magazine. Snow queens and their daughters, invisible giants pining for vanished lovers, transformations, searches, quests, and voyages of all kinds. The best science fiction and fantasy stories from Metaphorosis magazine's second year. Mesklin is a vast, inhospitable, disc-shaped planet, so cold that its oceans are liquid methane and its snows are frozen ammonia. It is a world spinning dizzily, a world where gravity can be a crushing 700 times greater than Earth's, a world too hostile for human explorers. But the planet holds secrets of inestimable value, and an unmanned probe that has crashed close to one of its poles must be recovered. Only the Mesklinites, the small creatures so bizarrely adapted to their harsh environment, can

*help. And so Barlennan, the resourceful and courageous captain of the Mesklinite ship Bree, sets out on an heroic and appalling journey into the terrible unknown. For him and his people, the prize to be gained is as great as that for mankind... Hal Clement's MISSION OF GRAVITY is universally regarded as one of the most important and best loved novels in the genre. The remarkable and sympathetic depiction of an alien species and the plausible and scientifically based realisation of the strange world they inhabit make it a major landmark in the history of hard SF. "This six volume collection includes all of Zelazny's know short fiction and poetry, three excerpts of important novels, a selection of non-fiction essays, and a few curiosities."--V. 1, p. 5. "Close to being a great work of science fiction."--New York Times One of the original novels of post-nuclear holocaust America, The Long Tomorrow is considered by many to be one of the finest science fiction novels ever written on the subject. The story has inspired generations of new writers and is still as mesmerizing today as when it was originally written. Len and Esau are young cousins living decades after a nuclear war has destroyed civilization as we know. The rulers of the post-war community have forbidden the existence of large towns and consider technology evil. However, Len and Esau long for more than their simple agrarian existence. Rumors of mythical Bartorstown, perhaps the last city in existence, encourage the boys to embark on a journey of discovery and adventure that will call into question not only firmly held beliefs, but the boys' own personal convictions. "She [Brackett] has created science-fiction to compare with serious mainstream literature."--New York Herald Tribune A collection of twenty classic stories from the Science Fiction Grand Master who "seems capable of amazements beyond those of mere mortals" (The Washington Post Book World). Contains three books Child of the river, Ancients of days, Shrine of stars. Francis Sandow holds the key to the identity of "Mr. H," a mysterious man with the power to heal or kill with a touch and who is desperately sought by countless people when the galaxy is plagued by an unidentifiable disease, in a novel accompanied by a bonus tale, A Dark Travelling. Reprint. Facing a life sentence in prison for his various crimes, notorious criminal Hell Tanner is given the chance to escape jail by driving cross-country to deliver a case of antiserum to the plague-ridden people of Boston, confronting radioactive storms, carnivorous predators, mutated scorpions, and other perils along the way. Reprint. This award-winning science fiction classic explores a far-future world inhabited by intelligent canines who pass down the tales of their human forefathers. Thousands of years have passed since humankind abandoned the city—first for the countryside, then for the stars, and ultimately for oblivion—leaving their most loyal animal companions alone on Earth. Granted the power of speech centuries earlier by the revered Bruce Webster, the intelligent, pacifist dogs are the last keepers of human history, raising their pups with bedtime stories, passed down through generations, of the lost “websters” who gave them so much but will never return. With the aid of Jenkins, an ageless service robot, the dogs live in a world of harmony and peace. But they now face serious threats from their own and other dimensions, perhaps the most dangerous of all being*

*the reawakened remnants of a warlike race called “Man.” In the Golden Age of Isaac Asimov and Robert A. Heinlein, Clifford D. Simak’s writing blazed as brightly as anyone’s in the science fiction firmament. Winner of the International Fantasy Award, City is a magnificent literary metropolis filled with an astonishing array of interlinked stories and structures—at once dystopian, transcendent, compassionate, and visionary. All Hail King Oberon! At last, Dworkin has created the magic Pattern, and Amber has been established with its own myriad of shadow worlds. Now, King Oberon works on repairing Castle Amber after winning his epic battle with the forces of Chaos. And his world is at peace . . . until he is attacked by a nightmare creature that refuses to die, while everything in its path withers and turns to dust. Oberon leads the monster away from Amber, on through an almost infinite number of Shadows, and still the creature presses ever closer. At last, Oberon travels to the world of the Pattern itself—his source of power—to make a stand against it. His fight, from the center of the Pattern, rips the world asunder—even damaging the Pattern itself. But Oberon manages to defeat the deadly monstrosity . . . and the Pattern repairs itself. Still, much time has passed, and much damage has been done. Among other things, when Oberon returns to Amber, his father tells him that the Pattern has been magically transported to the bowels of the castle. Further examination reveals that the original Pattern remains where it was drawn, and Castle Amber now possesses its identical double. But more damage than that may have been done. In a single evening, Oberon discovers that Amber hosts another race of creatures—a whole civilization living beneath the ocean in a mirror duplicate of Amber. He learns that it, too, has had a copy of the Pattern appear in its depths, that the Queen of the undersea kingdom knows all about him and desires him to get rid of the Pattern from her realm; and that she has plans for him . . . and the powers to perhaps make her wishes real. “Fans of the late Roger Zelazny’s popular AMBER series should flock to this...”—PUBLISHERS WEEKLY Two novels in one volume include*

*Changeling*, in which the wizard Mor, after defeating Det Morson and destroying his castle, finds Det's infant son Pol amidst the ruins, and *Madwand*, in which Pol, son of Lord Det and a powerful sorcerer, must learn how to control his powers before he can take the throne. *Original. Confluence* - a long, narrow, artificial world, half fertile river valley, half crater-strewn desert. A world beyond the end of human history, served by countless machines, inhabited by 10,000 bloodlines who worship their absent creators, riven by a vast war against heretics. This is the home of Yama, found as an infant in a white boat on the world's Great River, raised by an obscure bureaucrat in an obscure town in the middle of a ruined necropolis, destined to become a clerk - until the discovery of his singular ancestry. For Yama appears to be the last remaining scion of the Builders, closest of all races to the revered architects of Confluence, able to awaken and control the secret machineries of the world. Pursued by enemies who want to make use of his powers, Yama voyages down the length of the world to search for answers to the mysteries of his origin, and to discover if he is to be the saviour of his world, or its nemesis. The most playful – and arguably most accessible – novel by the master of inventive science fiction. *Humanity is not alone in the cosmos. The aliens have given a precious relic to the people of Earth: star-stone. But the harmony of the galaxy is endangered when they discover that the star-stone has disappeared. Likeable Fred Cassidy is an eternal undergraduate. All he thinks he knows about the star-stone is that it came to Earth in an interplanetary trade for the Mona Lisa and the British Crown jewels. When Fred is accused of stealing the cosmic artefact, he is pursued from Australia to Greenwich Village and beyond, by telepathic psychologists, extra-terrestrial hoodlums and galactic police in disguise. Follow him on his adventures as he enters multiple realities, flipping in and out of alien perspectives, through doorways in the sand.
