**The Runner** Mar 05 2021 'The most beautiful book I ever read.' – Rune Larsson, ultra-distance runner Markus Torgeby was just 20 years old when he headed off into the remote Swedish forest to live as a recluse and dedicate himself to his one true passion: running. He lived in a tent in the wilderness, braving the harsh Swedish winters – for four years. This is his story. An international bestseller, this extraordinary book is a powerful exploration of running, resilience, loss, and self-discovery. A talented long-distance runner in his teens, Markus Torgeby excelled in training, but often failed inexplicably in competition. Pressurised by his coach and consumed by the suffering of his MS-afflicted mother, he chose to do something that most of us only dream of: escape the modern world. In his stripped-back lifestyle in the woods, surviving with the bare minimum of supplies and enduring extreme cold, he found salvation and ultimately his true direction in life.

*Into the Wild* Oct 20 2019 Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a

certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

**The New Wilderness** Jul 29 2020 A Washington Post, NPR, and BuzzFeed Best Book of the Year • Shortlisted for the Booker Prize “More than timely, the novel feels timeless, solid, like a forgotten classic recently resurfaced — a brutal, beguiling fairy tale about humanity. But at its core, *The New Wilderness* is really about motherhood, and about the world we make (or unmake) for our children.” — Washington Post "5 of 5 stars. Gripping, fierce, terrifying examination of what people are capable of when they want to survive in both the best and worst ways. Loved this." — Roxane Gay via Twitter Margaret Atwood meets Miranda July in this wildly imaginative debut novel of a mother's battle to save her daughter in a world ravaged by climate change; A prescient and suspenseful book from the author of the acclaimed story collection, *Man V. Nature*. Bea's five-year-old daughter, Agnes, is slowly wasting away, consumed by the smog and pollution of the overdeveloped metropolis that most of the population now calls home. If they stay in the

city, Agnes will die. There is only one alternative: the Wilderness State, the last swath of untouched, protected land, where people have always been forbidden. Until now. Bea, Agnes, and eighteen others volunteer to live in the Wilderness State, guinea pigs in an experiment to see if humans can exist in nature without destroying it. Living as nomadic hunter-gatherers, they slowly and painfully learn to survive in an unpredictable, dangerous land, bickering and battling for power and control as they betray and save one another. But as Agnes embraces the wild freedom of this new existence, Bea realizes that saving her daughter's life means losing her in a different way. The farther they get from civilization, the more their bond is tested in astonishing and heartbreaking ways. At once a blazing lament of our contempt for nature and a deeply humane portrayal of motherhood and what it means to be human, *The New Wilderness* is an extraordinary novel from a one-of-a-kind literary force.

**Braving the Wilderness** Sep 11 2021 #1 NEW YORK TIMES BESTSELLER • REESE'S BOOK CLUB PICK • A timely and important book that challenges everything we think we know about cultivating true belonging in our communities, organizations, and culture, from the #1 bestselling author of *Rising Strong*, *Daring Greatly*, and *The Gifts of Imperfection* Don't miss the five-part HBO Max docuseries *Brené Brown: Atlas of the Heart!* "True belonging doesn't require us to change who we are. It requires us to be who we are." Social scientist Brené Brown, PhD, MSW, has sparked a global conversation about the experiences that bring meaning to our lives—experiences of courage, vulnerability, love, belonging, shame, and empathy. In *Braving the Wilderness*, Brown redefines what it means to truly belong in an age of increased polarization. With her trademark mix of research, storytelling, and honesty, Brown will again change the cultural conversation while mapping a clear path to true belonging. Brown argues that we're experiencing a spiritual crisis of disconnection, and introduces four practices of true belonging that challenge everything we believe about ourselves and each other. She writes, "True belonging requires us to believe in and belong to ourselves so fully that we can find sacredness both in being a part of something and in standing alone when necessary. But in a culture that's rife with perfectionism and pleasing, and with the erosion of civility, it's easy to stay quiet, hide in our ideological bunkers, or fit in rather than show up as our true selves and brave the wilderness of uncertainty and criticism. But true belonging is not something we negotiate or accomplish with others; it's a daily practice that demands integrity and authenticity. It's a personal commitment that we carry in our hearts." Brown offers us the clarity and courage we need to find our way back to ourselves and to each other. And that path cuts right through the wilderness. Brown writes, "The wilderness is an untamed, unpredictable place of solitude and searching. It is a place as dangerous as it is breathtaking, a place as sought after as it is feared. But it turns out to be the place of true belonging, and it's the bravest and most sacred place you will ever stand."

*Indian Creek Chronicles* Apr 25 2020 The author relates his experiences when he took a job with the Idaho Department of Fish and

**A Way Through the Wilderness** Feb 16 2022 At one time or another, everyone has a wilderness experience, a time when life is barren and difficult and we feel alone and desperate, not knowing where to turn. Whether it's the loss of a loved one, a financial or health crisis, divorce, or some other painful experience, we see no end in sight and wonder how we can make it through another day. In the Scriptures we see that often God's people went through a wilderness experience, and these experiences changed them in profound ways. The truth is that it's impossible to go through the wilderness without being changed. There's a way through the wilderness that can leave us broken and bitter and far away from God. But there's another way through—God's way—that leaves us with a deeper faith and draws us closer to God than we ever imagined. With sensitivity and warmth, Rob Renfroe explores the wilderness experience—what it is, how we get there, why God allows it, and how we can get through it God's way so that we learn the lessons that can be learned only in the desolate seasons of life when we are totally dependent on God. A DVD featuring six interviews with the author and a full leader guide are also available for group study.

**Journey in the Wilderness** Sep 23 2022 The last forty years have seen transitions in mainline churches that feel, for many, like a journey into the wilderness. Yet God is calling us in this moment, not to grieve over the changes we have experienced but to hear the call to a new mission, and a new faithfulness. In *Journey in the Wilderness*, Gil Rendle draws on decades as a pastor and church consultant to point a way into a hopeful future. The key to embracing the wilderness is to learn new skills in leading change, to reach beyond a position of privilege and power to become churches that serve God's hurting people.

**Sisters in the Wilderness** Feb 04 2021 Catharine Parr Traill and Susanna Moodie are icons of the Canadian imagination. Yet most of what we know of these two English gentlewomen who spent their adult lives struggling in Britain's harsh and vigorous colony comes from their own self-consciously crafted writings and from other writers' sometimes fanciful depictions of them. But what were the women behind the authorial voices really like? In *Sisters in the Wilderness*, award-winning author Charlotte Gray breathes life into two remarkable and fascinating characters and brings us a vivid picture of life in the backwoods of Upper Canada.

**Into the Wilderness** Dec 22 2019 Weaving a tapestry of fact and fiction, Sara Donati's epic novel sweeps us into another time and place . . . and into a breathtaking story of love and survival in a land of savage beauty. It is December of 1792. Elizabeth Middleton leaves her comfortable English estate to join her family in a remote New York mountain village. It is a place unlike any she has ever experienced. And she meets a man unlike any she has ever encountered—a white man dressed like a Native American: Nathaniel Bonner, known to the Mohawk people as *Between-Two-Lives*. Determined to provide schooling for all the children of the village, Elizabeth soon finds herself locked in conflict with the local slave owners as well as with her own family. Interweaving the fate of the Mohawk Nation with the destiny of two lovers, Sara Donati's compelling novel creates a complex, profound, passionate portrait of an emerging America. Praise for *Into the Wilderness* "My favorite kind of book is the sort you live in, rather than read. *Into the Wilderness* is one of those rare stories that let you breathe the air of another time, and leave your footprints on the snow of a wild, strange place. I can think of no better adventure than to explore the wilderness in the company of such engaging and independent lovers as Elizabeth and her Nathaniel."—Diana Gabaldon "Each time you open a book you hope to discover a story that will make your spirit of adventure and romance sing. This book delivers on that promise."—Amanda Quick "A beautiful tale of both romance and survival. . . Here is the beauty as well as the savagery of the wilderness and, at the core of it all, the compelling story of the love of a man and a woman, both for the untamed land and for one another."—Allan W. Eckert "Lushly written . . . Exemplary historical fiction."—Kirkus Reviews "Epic in scope, emotionally intense."—BookPage

**Living on Wilderness Time** May 19 2022 Melissa Walker set out on a journey that many women of her generation have mapped only in their dreams. Like many American chroniclers before her who have surrendered to the aimless pleasures of the road, Walker had no geographical destination in mind, but she did have two definite goals—one personal, one political—for her journey. She was looking for the peace and solitude of the backcountry, certainly, but she also wanted to learn the dynamics of preserving wild places and to devote herself to that cause. In the Sky Islands of southern Arizona, on the banks of the Popo Agie River and the Wind River

Mountains in Wyoming, in Yellowstone, Grand Teton, Rocky Mountain, and Olympic National Park, in Gila and Glacier Peak Wilderness, she encountered the hazards of wild animals and extreme weather, and she began to reassess what parts of her life she could control. Living on Wilderness Time is a book for those who have visited wild places and want to return, and for others whose overcommitted urban lives make them long for land where time is measured differently and human beings are scarce. Above all it is a call to join those who, like Aldo Leopold, see wilderness as vital to the human community. Melissa Walker is vice president of National Wilderness Watch, chair of the Georgia chapter of Wilderness Watch, serves on the Southern Appalachian Council of the Wilderness Society, and is the author of Reading the Environment and Down from the Mountaintop. She has been Professor of English at the University of New Orleans and Mercer University and a fellow of Women's Studies at Emory University. Walker lives with her husband in Atlanta, Georgia.

**Lake in the Clouds** Jun 27 2020 In her extraordinary novels Into the Wilderness and Dawn on a Distant Shore, award-winning writer Sara Donati deftly captured the vast, untamed wilderness of late-eighteenth-century New York and the trials and triumphs of the Bonner family. Now Donati takes on a new and often overlooked chapter in our nation's past--and in the life of the spirited Bonners--as their oldest daughter, the brave and beautiful Hannah, comes of age with a challenge that will change her forever. Masterfully told, this passionate story is a moving tribute to a resilient, adventurous family and a people poised at the brink of a new century. It is the spring of 1802, and the village of Paradise is still reeling from the typhoid epidemic of the previous summer. Elizabeth and Nathaniel Bonner have lost their two-year-old son, Hannah's half brother Robbie, but they struggle on as always: the men in the forests, the twins Lily and Daniel in Elizabeth's school, and Hannah as a doctor in training, apprenticed to Richard Todd. Hannah is descended from healers on both sides--one Scots grandmother and one Mohawk--and her reputation as a skilled healer in her own right is growing. After a long night spent attending to a birth, Elizabeth and Hannah encounter an escaped slave hiding on the mountain. She calls herself Selah Voyager, and she is looking for Curiosity Freeman--a former slave herself, one of the village's wisest women and Elizabeth's closest friend. The Bonners take Selah, desperately ill, to Lake in the Clouds to care for her, and with that simple act they are drawn into the secret life that Curiosity and Galileo Freeman and their grown children have been leading for almost ten years. The Bonners will do what they must to protect the Freemans, just as Hannah will protect her patient, who presents more than one kind of challenge. For a bounty hunter is afoot--Hannah's childhood friend and first love, Liam Kirby. While Elizabeth and Nathaniel undertake a treacherous journey through the endless forests to bring Selah to safety in the north, Hannah embarks on a very different journey to New-York City, with two goals: to learn the secrets of vaccination against smallpox, a disease that threatens Paradise, and to find out what she can about Liam's immediate past and what caused him to change so drastically from the boy she once loved. The

obstacles she faces as a woman and a Mohawk make her confront questions long avoided about her place in the world. Those questions follow her back to Paradise, where she finds that the medical miracle she brings with her will not cure prejudice or superstition, nor can it solve the problem of slavery. No sooner have the Bonners begun to rebound from their losses--old and new--than they find themselves confronted by more than one old enemy in a battle that will test the strength of their love for one another. Hannah faces the decision she has always dreaded: will she make a life for herself in a white world, or among her mother's people?

In the process he reveals many adventures, including his first trek into the deep Canadian wilderness, a journey by dogsled to bring out a human body, and a rescue mission to save two lost, inexperienced campers. Always respectful of nature and the skills of his Native American neighbors, Rutstrum argues for a modern esteem for true wilderness and explains what one can do with "all of that leisure time."--BOOK JACKET.

Son of the Wilderness Mar 17 2022 All who have admired John Muir's ruggedly individualistic lifestyle, or who desire a greater appreciation of the history of environmental preservation in America, will be enthralled and enlightened by this Pulitzer Prize-winning biography. Following Muir from his ancestral home in Scotland, through his early years in the harsh Wisconsin wilderness, to his historic pilgrimage to California, Linnie Marsh Wolfe creates a full and rounded portrait of her subject--not only as America's firebrand conservationist and founder of the national park system but as a committed husband, father, and friend. Muir was a multifaceted character, shaped as much by his stern and liberty-loving Scottish heritage as by his love of all things wild and free. His battles against the encroachment of civilization were actually born of his love for it, for he was one of the few to realize that the destruction of the

wilderness would diminish man himself. This book, originally published in 1945 and based in large part on Wolfe's personal interviews with people who knew and worked with Muir, is one that could never be written again. It is, and will remain, the standard Muir biography.

**A Strange Wilderness** Jun 08 2021 "Bestselling popular science author Amir Aczel selects the most fascinating individuals and stories in the history of mathematics, presenting a colorful narrative that explores the quirky personalities behind some of the most profound, enduring theorems. Through such mathematical geniuses as Archimedes, Leonardo of Pisa (a.k.a. Fibonacci), Tartaglia ("the stutterer"), Descartes, Gottfried Leibniz, Carl Gauss, Joseph Fourier (Napoleon's mathematician), Evariste Galois, Georg Cantor, Ramanujan, and "Nicholas Bourbaki," we gather little known details about the alliances and rivalries that profoundly impacted the development of what the scheming doctor-turned-mathematician Geronimo Girolamo called "The Great Art." This story of mathematics is not your dry "college textbook" account; tales of duels, battlefield heroism, flamboyant arrogance, pranks, secret societies, imprisonment, feuds, theft, and even some fatal errors of judgment fill these pages (clearly, genius doesn't guarantee street smarts). Ultimately, readers will come away from this book entertained, with a newfound appreciation of the tenacity, complexity, eccentricity, and brilliance of the mathematical genius"--

**My Life in the Wilderness** Apr 18 2022 Robert Hilliker was born in the southern Lower Peninsula of Michigan, in the late 1920's, just before the Great Depression of 1929 and the 1930's. As a young boy, the tales of Daniel Boone, Jim Bowie, and the stories of the Mountain Men who roamed the great Rocky Mountains in search of beaver struck a chord deep down inside that he could neither understand nor explain. They did, however, produce in him a strong desire to experience such a life for himself. In the following years, almost every decision he made was in accordance with an "inner compass" which pointed steadily to the Northwest. "To go into the wilderness, build a strong and warm log cabin with my own two hands, and hunt for my food. Trap fur bearing animals to sell to the fur buyers for money to buy the things I couldn't produce myself, get my water from the creek, cut the firewood I would need to cook my food and to keep me warm through the long cold winters of the 'North Country, ' could I do something like that?" This is his story.
