As he explores the wilderness of coastal Britain, Paddy encounters many delights and dangers-and ultimately, the One who watches over him through it all."--Amazon.com.

Once every generation there comes along a book that both lifts the spirit and inspires the mind. Crossmaglen Paddy Said is one of those rare published gems. This is not a book to be read just for laughs, as it contains a mix of tragedy and comedy. It is a true story. All incidents mentioned happened as they are described and at that time and place. In the words of an eminent professional who first read the manuscript, "This book does not follow any set plot or order. Perhaps this is intentional, and you are going for a James Joyce stream of consciousness effect, or Beckett, where everything happens with only one or two characters in one room on one day, or Flann O'Brien's writings, where there are surreal theories and weird characters, and the reader has the sense of entering a strange world." It has been compared by a Hollywood producer with Conor McPherson's Laurence Olivier award-winning play The Weir, which won the Play of the Year award in 1999. Crossmaglen Paddy Said contains authentic evidence of the British ships and regiments who exported the food off the island of Ireland during the period of the Great Hunger from 1845 to 1950. Inside, it also draws a unique paralleled comparison between an incident that occurred relating to Crossmaglen on August 15, 1971, and Boston Massachusetts on the March 5, 1770, the most important date in American history. In the second phase, this book becomes an inspirational story, which details and outlines the lifetime achievements of both Paddy and the narrator, Paudraic Moore. It then becomes a super motivational tool for its readers.

Fairytales happen. They happen in Glasgow. They're happening now. They're happening to TV heartthrob Reggie King, whose magic mirror manipulates him into unspeakable villainy... They're happening to Jack Cameron, who faces losing the love of his life, Rapunzel, and who has unanswered questions about his destiny, and about some magic beans he threw into the Clyde... They're happening to Ella McCinder, who dreams of marrying footballer Harry Charmaine... They're happening to Wee Red Hoodie, who has a decision to make about where her loyalties lie... And they're happening to Karl "Snowy" White, who is whisked into a topsy-turvy world of freaks and magic, with only the hope of seeing his Love again to cling to. United by the bonds of friendship, and in the face of a common enemy and a dark secret from Rapunzel's past, our heroes find their stories becoming one.

In the tradition of Into the Wild, a story of daring and determination in one of nature's harshest, loneliest, and most beautiful places. The Yukon Quest International Sled Dog Race is among the most challenging and dangerous of all the organized sporting events in the world. Every February, a handful of hardy souls sps over two weeks racing sleds pulled by fourteen dogs over 1,023 miles of frozen rivers, icy mountain passes, and spruce forests as big as entire states. It's not unusual for the temperature to drop to 40-below or for the night to be seventeen hours long. Why would anyone want to run this race? To find out, John Balzar moved to Alaska months before The Quest began and he spent time in the homes of many of the mushers. Balzar then spent many days and nights on the trail, and the result is a book that not only treats us to a vivid day-by-day account of the grueling race itself but also offers an insightful look at the men and women who have moved to this rugged and beautiful place, often leaving behind comfortable houses and jobs in the lower forty-eight states for the sense of exhilaration they find in their new lives. Readers will also be fascinated by Balzar's account of what goes into the training and care of the majestic dogs who pull the sleds and whose courage, strength, and devotion make them the true heroes of this story. For anyone captivated by the wild north country, this riveting tale of courage and adventure will inspire and entertain.

This is the coloring book version of the children's picture book, Paddy and the Wolves: A Story about Saint Patrick When He Was a Boy. It includes all the text and bonus material from the picture book, but with black-and-white line art by award-winning Catholic artist Jen Norton so that children can color the story of Paddy's adventures, too.

SHOT TO PIECES is the story of NYPD 1st Grade detective Padraig Joseph Durr. Durr is tasked with solving a particularly grisly gang related homicide in Brooklyn. When Paddy catches the squeal, he is also on the verge of an emotional and psychological breakdown. Because of his penchant for self-destruction, fueled by a childhood of abuse and sexual exploitation, coupled with an ingrained sense of worthlessness and abandonment, Durr has brought his entire life to the brink of ruin. Can he hold it together long enough to solve this murder? Can he fix himself enough to be re-united with the one true love of his life and his family? Or will he implode, irrevocably destroying his career, his family and himself?

Turbulent times pit North against South, new immigrant against old in the 1850s Potomac Highlands. Under the Wolf Moon has passion, life, death, and redemption. The haunting sound of a mountain dulcimer channels its way through the hollow, softly echoing off the rocks and trees. Because of that, lives are drawn together like the confluence of two great rivers. An embittered drayman, seduced by bigotry, acts out his revenge. Zebediah, an injured child, is a wounded healer who becomes the pivot between rage and redemption. Woven into the tapestry are an ancient Indian and a black midwife who guide people as shamanic wisdom holders. Under the Wolf Moon is the story of a man and a woman whose lives are held in tension between cultural and personal prejudice and the nobility of the human spirit. Under the wolf moon, the January moon, life and death come full circle. An historical fiction worthy of its place in the genre. This is the coloring book version of the children's picture book, Paddy and the Wolves: A Story about Saint Patrick When He Was a Boy. It includes all the text and bonus material from the picture book, but with black-and-white line art so that children can color the story of Paddy's adventures, too. The line art was hand-drawn by award-winning Catholic folk artist Jen Norton. Young Paddy can't sit still during morning prayers, but he's more than happy to help the shepherd, Barra, watch sheep for the day! But who will watch Paddy when he wanders into the woods? As he explores the wilderness of Roman Britain, Paddy encounters many delights and dangers--and ultimately, the One who watches over him through it all. In Paddy and the Wolves, author Steve Nagel imagines St. Patrick as a young boy, weaving a story that uses the saint's childhood adventures to foreshadow elements of the saint's adult life. The coloring book includes four pages of bonus material, including a recipe for Paddy's oatcake, biographical information about Saint Patrick, the text of The Lorica of St. Patrick, and a simple board game based on the story.

A young woman has been murdered, and a neighbour, a retired teacher from Chapleton College, is arrested. An eccentric loner - intellectual, shy, a fastidious dresser with expensive tastes - he is the perfect candidate for a media monstering. In custody he is interviewed by two detectives: the smart-talking, quick-witted Gary, and his watchful colleague, Ander. Ander is always watchful, but particularly now, because the man across the table is his former teacher Michael Wolphram, whom he hasn't seen in nearly 30 years. As the novel proceeds, we watch Wolphram's media lynching as ex-pupils and colleagues line up to lie about him. In parallel, we read Ander's memories of his life as a young Dutch boy in 80s England. Another outsider, another loner in a school system rife with abuse and bullying, Ander has another case to solve: the cold case of his own childhood. Though it deals with historical abuse and violence in schools, and the corrupt power of the popular media, Throw Me to the Wolves is mostly about childhood and memory.

Throw Me to the Wolves

A wolf and a sheep discuss the importance of a strongly built fence. This is a great small fairy tale similar to the storytelling of Aesop's fables.

Set in the glorious mountains and plains of the Yukon, Northwest Territories, Alberta and British Columbia, A Wolf's Moon is a gripping account of Hank Sands' adventures during his 18 years piloting helicopters. In Wood Buffalo National Park, Hank finds himself skinny dipping with a one-ton buffalo. Near Stewart, BC, he flies over an avalanche path with a bundle of dynamite fused to blow at any second, but it is lodged, unreachable, outside on the cargo rack. In an isolated Yukon tent camp, a mad Irishman threatens to chop everyone up with an axe. At another tent camp, a pack of wolves holds everyone in awe. High in the Bugaboos, Hank stares half-blind as explosive fuel drips from a damaged fuel tank onto the red-hot turbo charger of his crashed helicopter. Near Telegraph Creek, BC, a very large and legendary grizzly sends him running for his life. A raging forest fire threatening Fort Resolution, NWT, kindles a love story. In Port Alberni, BC, Hank flies into a 130,000-volt powerline. These are but a few from this collection of incredible yet true tales.

The 281st AHC gun platoon named the "Wolf Pack" was the 3d platoon where a select and well-known platoon of professional helicopter pilots and crew flying the C-model Huey UH-1C known as the Charlie Model from 1965 through 1971 in Vietnam. These men were like the knights of old, going day after day in twos or threes, to hold the battlefield against all comers and to do battle in defense of the Fifth Special Forces and its long-range reconnaissance unit. Detachment B-52, Project Delta. Pilots and aircrews felt like they were invincible, 6 Feet Tall, bulletproof, and kin to the gun-slingers of the old west. Unfortunately, some made the ultimate sacrifice, others were wounded, and to this day, some still have to deal with that time. Indeed, the legacy of the 281st Wolf Pack is a story of a remarkable, unyielding spirit and uncompromisingly fierce defiance in the face of death with a determined enemy. This book is a work of respect and honor covering the life and times of the U.S. Army's first special operations helicopter company, the "Wolf Pack." As an element of the 281st Assault Helicopter Company, the Wolf Pack provided armed helicopter support for the special forces units in Vietnam, with emphasis on aerial weapons support for Project Delta and the MACV Recondo School, which was recognized as the deadliest school in the armed forces. This book contains the real-time stores of the men who flew and maintained the helicopters that operated under the banner; "Hell From Above." For the most part, these young men were fresh out of school and had been expeditiously trained to fly and maintain their helicopters. Few had previous combat experience. In performing one of the most dangerous missions of the war, these young men, proudly known as the "Wolf Pack," developed aerial gunnery and support skills that identified them as one of the top helicopter gun units of the war! This book tells their story and honors each of them. John "Jack" Mayhew was a major and the 281st AHC commander in 1967-68. He later retired as a colonel with more than 30 years of service. William McCollum was the NCOIC of flight operations in 1967-68. He later retired as a Sergeant First Class with more than 20 years of service Keywords – Vietnam, Army, Special Operations, Helicopter, 281st Assault, Wolf Pack, Pilots, Aircrew, Special Forces, Platoon, Sacrifice

A True Representation of Facts and Characters

A dark and unexpected novel about a Dublin undertaker who finds himself on the wrong side of the Irish mob. Paddy Buckley is a grieving widower who has worked for years for Gallagher's, a long-established—some say the best—funeral home in Dublin. One night driving home after an unexpected encounter with a client, Paddy hits a pedestrian crossing the street. He pulls over and gets out of his car. He recognizes him. It's Donal Cullen, brother of one of the most notorious mobsters in Dublin. And he's dead. Shocked and scared, Paddy jumps back in his car and drives away before anyone notices what's happened. The next morning, the Cullen family calls Gallagher's to oversee the funeral arrangements. Paddy, to his dismay, is given the task of meeting with the grieving Vincent Cullen, Dublin's crime boss. Paddy is plunged into an unexpected eddy of intrigue, deceit, and treachery. By turns a thriller, a love story, and a black comedy of ill manners, *The Last Four Days of Paddy Buckley* is a surprising, compulsively readable debut novel.

Ireland in the mid-1800s was primarily a population of peasants, forced to live on a single, moderately nutritious crop: potatoes. Suddenly, in 1846, an unknown and uncontrollable disease turned the potato crop to inedible slime, and all Ireland was threatened. Index.
